Bidding closes Monday 2nd December 2024

### FORM 3B 3D PRINTER

PACKAGE INCLUDES:

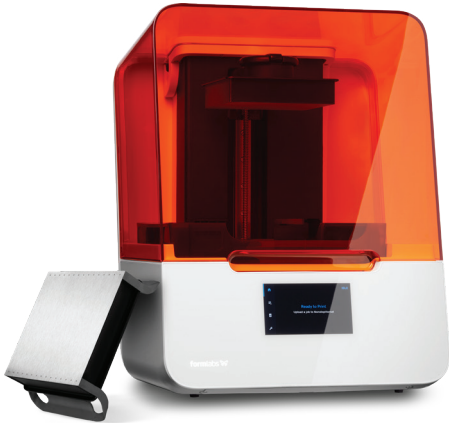

Form 3B 3D Printer, Flexible Build Platform, Finish Kit & Cleaning Tools.

**EX-DEMO** - ONE ONLY

RESERVE **\$2,000.00**

VALUED AT **\$6,500.00**

**LOT 1**

### FORM 3B 3D PRINTER

The Form 3B provides dental professionals with maximum performance and versatility with an easy workflow. 3D print a wide variety of dental applications in-house with minimal interaction and unrivalled print accuracy and surface finish.

PACKAGE INCLUDES: Form 3B 3D Printer, Flexible Build Platform, Finish Kit & Cleaning Tools.

**NEW** - ONE ONLY

RESERVE **\$5,000.00**

VALUED AT **\$9,000.00**

**LOT 2**

### FORM 2 3D PRINTER

Printer only, accessories not included.

**NEW** - ONE ONLY

RESERVE **\$990.00**

VALUED AT **\$1,250.00**

**LOT 3**

### SPRINTRAY PRO 55S PACKAGE

Desktop 3D Printer designed for digital dentistry to improve productivity in your practice.

PACKAGE INCLUDES:

- Pro 55S 3D Printer
- ProCure 2
- Pro Wash/Dry
- Pro 55S Resin Tank
- Pro S Crown Kit

**NEW** - ONE ONLY

RESERVE **\$16,985.00**

VALUED AT **\$32,348.00**

**LOT 4**

### FORM WASH L

Form Wash L agitates solvent to remove residual resin from SLA 3D printed parts, leaving you with a smooth, clean, high-quality part every time. Once washing completes, parts are lifted out of the solvent to air dry, avoiding over-soaked, warped prints.

**NEW** - ONE ONLY

RESERVE **\$3,060.00**

VALUED AT **\$7,678.00**

**LOT 5**

### MEDIT I700 WIRELESS INTRAORAL SCANNER

Still the same super-fast, light, and accurate i700 – but now wireless.

FEATURES:

- Upgraded software applications for scan-and-send workflows
- Up to 2X faster than previous version – Medit i500
- Battery life up to 8 hours - Scan up to 30 cases
- Wireless

**NEW** - FOUR LEFT

RESERVE **\$19,230.00**

VALUED AT **\$35,000.00**

**LOT 6**

**NextDent**  
by 3D SYSTEMS

### NEXTDENT LC-3D LIGHTBOX

The LC-3DPrint Box is a revolutionary UV light box, suitable for post-curing 3D printing materials. The spacious interior (ø 26 cm, H 19,5 cm) allows you to easily cure multiple products at once. In addition, the box has enough space to place an articulator inside.

**NEW - ONE ONLY**

RESERVE **\$2,000.00**

VALUED AT **\$3,495.00**

**LOT 7**

**ACKURETTA**

### ACKURETTA CLEANI WASH UNIT

Cleani is designed with dual tanks for a two-stage cleaning process that allows for heavy and fine washes. With a workflow that's three times faster, Cleani consumes 50% less alcohol than a manual wash and effectively removes 90% of uncured resins from prints.

**NEW - ONE ONLY**

RESERVE **\$875.00**

VALUED AT **\$1,472.00**

**LOT 8**

**ASIGA**

### ASIGA FLASH

The Asiga Flash is compact, powerful and intuitive to use. The Asiga Flash is required to post-cure parts after printing, transforming them into fully polymerized objects that are at full strength and safe to handle.

**NEW - ONE ONLY**

RESERVE **\$370.00**

VALUED AT **\$852.00**

**LOT 9**

**NextDent**

by 3D SYSTEMS

### NEXTDENT CURE

- Small LED Cure station validated for NextDent resins
- Easy-to-use
- Maintain timings as already recommended for NextDent resins

**NEW** - ONE ONLY

RESERVE **\$746.00**  
VALUED AT **\$1,058.00**

**LOT 10**

**NextDent**

by 3D SYSTEMS

### NEXTDENT LC-3D LIGHTBOX

Form Wash L agitates solvent to remove residual resin from SLA 3D printed parts, leaving you with a smooth, clean, high-quality part every time. Once washing completes, parts are lifted out of the solvent to air dry, avoiding over-soaked, warped prints.

**EX-DEMO** - ONE ONLY

RESERVE **\$1,200.00**  
VALUED AT **\$3,495.00**

**LOT 11**

**NextDent**

by 3D SYSTEMS

### NEXTDENT LC-3D MIXER

The LC-3DMixer is a roller/tilting stirring device for mixing 3D printing materials before pouring in the Resin Tray of the printer. Print resins must be mixed well - only handshaking is insufficient for highly filled and coloured materials. The LC-3DMixer should be used to thoroughly mix the material. When mixed insufficiently, colour deviation and print failures may occur.

**EX-DEMO** - ONE ONLY

RESERVE **\$483.00**  
VALUED AT **\$583.00**

**LOT 12**

## MEDIT

### MEDIT I600 INTRAORAL SCANNER

Just like the Medit i700 – with a splash of colour.

FEATURES INCLUDE:

- 245g featherweight with improved grip for comfort
- Improved speed and optimal scanned images deliver a smoother scanning experience
- Precisely acquires data for effortless digital dentistry - full-arch accuracy:  $10.9 \mu\text{m} \pm 0.98$

**EX-DEMO** - ONE ONLY

RESERVE **\$7,200.00**

VALUED AT **\$22,304.00**

**LOT 13**

## MEDIT

### MEDIT I700 WIRELESS INTRAORAL SCANNER

**EX-DEMO** - TWO AVAILABLE

RESERVE **\$9,200.00**

VALUED AT **\$35,000.00**

**LOT 14**

## 3shape

### 3SHAPE E3 DIGITAL SCANNER

High performance and implant bar accuracy.

- 2 x 5 MP cameras
- Accuracy (ISO 12836):  $7 \mu\text{m}$
- Scan speed (full arch): 18 sec
- Scan speed (full arch impression): 64 sec
- Texture: Colour

# Aidite

## CSF-400 CAMEO FAST SINTERING FURNACE

Aidite CSF-400 is a new generation of cameo's rapid burning oxidation furnace, achieving a high match with cameo's rapid burning oxidation materials.

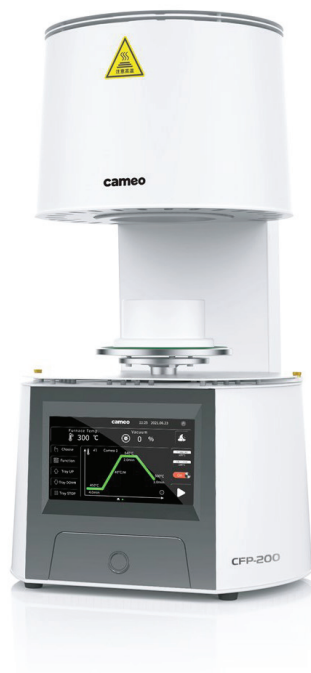

- Sinter a single crown in 30 mins
- Sinter up to 14 single crowns (double crucible, 7 teeth per crucible)
- 4 custom sintering curves, 4 preset sintering curves, can be freely adjusted to meet different needs

**EX-DEMO** - ONE ONLY

RESERVE **\$10,300.00**  
VALUED AT **\$21,210.00**

**LOT 16**

# Aidite

## CFP-200B CAMEO PORCELAIN FURNACE

From Stain and Glaze to crystallization, the fully equipped CFP-200 meets the demands of today's CAD/CAM dental laboratory and practice.

The AI intelligent control system accurately holds the temperature in all stages of the heating and cooling process. Featuring quartz tube heating technology and an ultra-sealed tray structure to keep the furnace clean and prolong its life, the reliable and user-friendly CFP-200 always produces beautiful restorations.

**EX-DEMO** - ONE ONLY

RESERVE **\$3,500.00**  
VALUED AT **\$7,000.00**

**LOT 17**

TERMS AND CONDITIONS:

1. Equipment featured in this promotion is ex-demo, used, showroom or excess new stock as indicated in the description.
2. All prices and bids exclude GST and freight (E&OE).
3. All the bids are final upon submission.
4. Auction items will be won by the highest bid received by 11.59 pm on Monday 2nd December, 2024.
5. For bids to be considered they must be equal to or greater than the reserve price.
6. Where two or more bids being equal, Pacific Dental Specialties will award the equipment to the first bid received.
7. Winners of auction lots will be notified by email as soon as possible after close of auction.
8. Installation, validation and delivery are not included in auction prices and bids. Installation will be charged separately (if required). Software additional unless otherwise stated.
9. All equipment items sold through this auction will be issued with 1 year warranty provision - please contact us for details.
10. Items must be paid for in full within 5 business days of completion of the auction. Finance available on application.
11. By clicking submit you agree to the terms & conditions stated and that if your bid is successful, it will be paid for in full within 5 business days of close of auction.
12. Items may differ from those pictured - please refer to description for details and inclusions or contact us directly.
